

|                       |              |                        |           |
|-----------------------|--------------|------------------------|-----------|
| Modell Nr.            | 6170-LP007   | Farbwiedergabeindex    | >80       |
| Spannung              | 100-240 V    | Farbtemperatur         | RGB       |
| Leuchtende Oberfläche | 22 mm        | IP Schutzart           | IP 54     |
| Leistung              | 120 W        | Arbeitsleben (Stunde)  | 50000     |
| Größe                 | 1.5×2.2 M    | Arbeitstemperatur (°C) | -20-40    |
| LUM                   | 40-60 LM / W | Teile im Set           | Hexagon*5 |

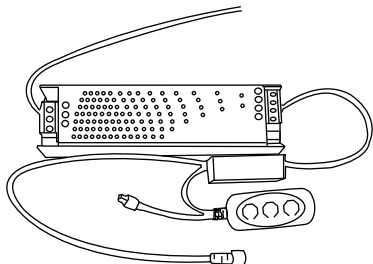

| Nr. | Teile Name                  | Menge | Nr. | Teile Name               | Menge |
|-----|-----------------------------|-------|-----|--------------------------|-------|
| A   | 0.44M Lampenrohr            | 24    | D   | Y Form Spleißer          | 5     |
| B   | V Form Spleißer             | 10    | E   | Y Form Spleißer 2 Metall | 4     |
| C   | V Form Spleißer Kein Metall | 1     | F   | 1M Stromkabel            | 1     |

**Achtung:** Das mitgelieferte Stromkabel hat eine Länge von 1 Meter. Bei Bedarf können Sie ein Verlängerungskabel selbst installieren.

# USER INSTRUCTION

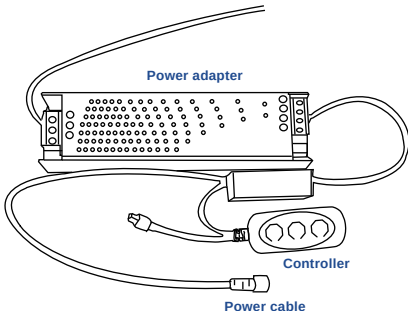

## I. Product Parameter:

|                      |                                                                            |
|----------------------|----------------------------------------------------------------------------|
| Category             | LED Controller                                                             |
| Domination Principle | WiFi                                                                       |
| APP                  | Surplife                                                                   |
| Operation Platform   | Android 7.0/IOS 12.0 or later                                              |
| Input Voltage        | DC5V/DC(12-24)V                                                            |
| Supported Driver IC  | SPI: WS2812B, SM16703, SM16704, WS2811, UCS1903, SK6812, INK1003, UCS2904B |
| Signal Output        | Support one-wire driver IC, able to control up to 2048 pixels              |
| Working Temperature  | -20~+55°C                                                                  |
| Control Distance     | Remote control < 6 M, APP < 10 M                                           |
| Certification        | CE                                                                         |

## II. Wire Connection:

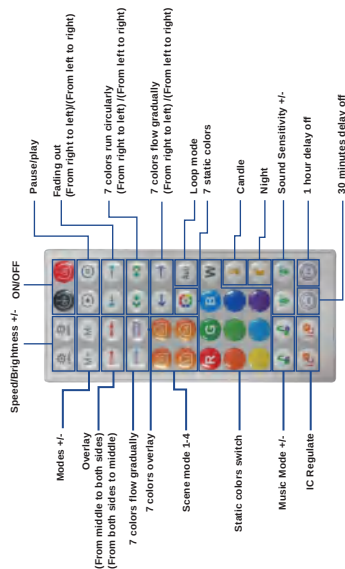

DC(12-24)V

### Notice:

- This connection area should be protected from moisture. Please store in a dry and safe place.
- For Bluetooth use, it is recommended to control with a single mobile device, not multiple devices.
- Applicable to the pixel lights with IC Models listed in the Parameter column.

## III. Key Instruction

44 keys(IR Remote Controller)

## IV. Download Surplife APP

Download "Surplife" App from App store and Google Play Store, or scan the QR code.

Instruction

## FAQ

Scan the "Instruction" QR code to read the electronic manual or enter the APP FAQ to learn more.

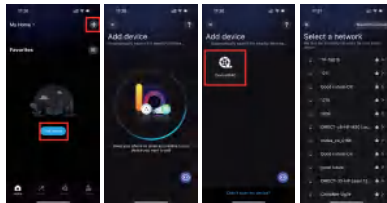

## V. How to connect the controller to Wi-Fi network?

1) Register/Login your Surplife account.

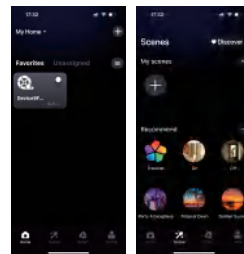

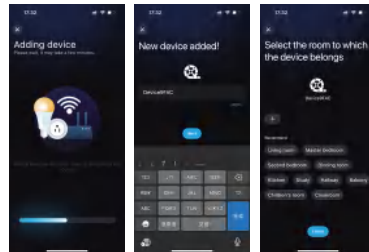

2) Open your phone Bluetooth, turn on the device.

3) Enter "Surplife" app, tap "Add Device" or click "+" to add the device. Then select your Wi-Fi network(Only works with 2.4Ghz network), enter the password.

4) The device name can be modified and select the room after successfully connecting to Wi-Fi network.
